Ver. 5.1 December 2023

# COLLA PER TESSUTI E JEANS

Based on polyvinyl acetate, odorless and free of toxic substances

## DESCRIPTION

Polyvinyl acetate-based aqueous emulsion glue with a gel-like appearance, odorless and free of toxic substances.

## AREAS OF APPLICATION

An ideal product for typical applications in the field of textiles: it is commonly used for bonding natural and non-natural fabrics, felts, straps, etc. It can also be used on paper and cardboard.

## FEATURES

- Replaces the seam
- It is transparent and odorless
- It withstands washing even in the washing machine

## TECHNICAL DATA

|   |                                  |
|---|----------------------------------|
| <b>Color</b>  | White (transparent after drying) |
| <b>Specific gravity</b> [g/cm <sup>3</sup> ]<br>(NPT Metodo 06) (23°C and 50% RH) | Ca. 1.1                          |
| <b>Solid content</b> [%]<br>(ISO 3251)  | 50-52                            |
